

Halle Plant Science Colloquium

How is mitochondrial lipid transport regulated in response to phosphate starvation in *Arabidopsis thaliana*?

Morgane Michaud

CEA Grenoble, Cell & Plant Physiology Laboratory, France

Tuesday, 27 May at 12:30 (s.t.)

Large Biochemistry Lecture Hall
(Kurt Mothes Strasse 3, Weinberg Campus)

If you would like to meet Morgane Michaud personally, please contact Kristina Kühn (kristina.kuehn@pflanzenphys.uni-halle.de).
